Comparison.

Our best argument is-compare-take any of our new Fall Suits. \$12 to \$30, and compare them with cheap tailor productions and you will realize how much superior our garments are. Look at every feature—the style of cut, class of trimmings, fabrics, workmanship and general appearance-and try the garment on. You'll be pleasantly surprised and delighted, both as to the perfect fit, graceful hang and tone, and the fact that you'll save half your tailor bill-besides you can see just how becoming any pattern will be.

It pays-to take an interesting stroll up Olive street to our store.

TO ENJOIN TRANSFER COMPANY STRIKERS.

Petition for Injunction May Allege Intimidation of New Employes.

amee L. Blair of the firm of Seddon & lair, attorneys for the St. Louis Transfer apany, will to-day apply to the Federal ert for an injunction against the strik-

ege intimidation of the new employer the company by the strikers. It will be contention that the strike and strations attending it have intered with the carrying on of interstate in which the St. Louis Transfer pany is engaged between Illinois and

ored yesterday that the Postal riment would apply for an injunction st the strikers on the allegation that plies are being delayed in East umhoff said to a reporter for The Repub-yesterday afternoon that the Govern-nt had a contract for delivery at the vernment building, and that the Postal partment would not apply for an injunc-

The strikers have a disposition to resist this move by the St. Louis Transer Com-pany, and claim that unfair advantage is being taken of them. So far they have been able to keep the East St. Louis freight-houses of the St. Louis Transfer Company

In East St. Louis 4,600,600 postal cards and thousands of stamped envelopes are said to be held. The postal officials say that the delay in delivery has not affected the department yet. President Tansey of the St. Louis Transfer Company said yesterday that he had delivered much of the Government freight and will move fifteen to the tenty leads of it to-day.

Lout sixty wagons were sent out with new drivers yesterday. Each driver was reported. The strikers and their sympathisers still congregate around the company's office and barn and jeer the new men. They are using little moral suasion.

The jeers of the striking drivers are not

channie, Costiveness, Rheu-etiam, Sallow Skin and Piles. Thus is a latter than Dr. Tittes Lives PLLS, as a trial will prove also No Substitute.

all that the new men have to contend with. They are also met by the jeers of drivers of all kinds of wagons wherever they drive through the city.

President Tansey said yesterday afternoon that he expects fully seventy-five of the old men to return to work in a few days. He said that twelve of the old men came to him yesterday and asked to be taken back. But he told them to bring twenty-five old men willing to return to work and he would consider the matter. He expressed the hope that it would not be necessary to enjoin the strikers.

At a meeting between the men and President Tansey at the strikers' hall, at Broadway and Biddle street, Saturday night, the strikers refused an offer of \$52 a month by a hig vote. The strikers voting against the proposition claim that the company cannot at this time of the year find competent men to run its wagons, and say that they are sure to win the strike. They also say they do not helieve an application for an injunction will be made.

SHERIFF'S FEES NOT ALLOWED.

Judge Clark Refuses to Sanction Bill for Station Prisoners' Keep. Judge Willis H. Clark of the Court of Criminal Correction yesterday morning re fused to allow the claim of Sheriff Dickmann of \$1.25 a day for the custody of pris-

mann of \$1.25 a day for the custody of prisoners in his care for examination before they are committed to jail.

The same question came up in Judge Wood's division of the Criminal Court last winter, and he refused to allow the claim. Sheriff Dickmann claims that he is entitled to a fee of \$1.25 a day for every day a prisoner is in his care before he is sent to jail. A large portion of the prisoners are placed in police stations before they are sent to jail. While they are in these stations, Dickmann says, he is responsible for them and should have some compensation. The bills of July, August and half of September aggregate about \$1,000. Sheriff Dickmann, through his attorney, Charles A. Houts, moved yesterday morning that the bills be allowed. Judge Clark denied the motion, declaring that the Sheriff lad no business holding prisoners several days, as warrants are returnable forthwith. If a prisoner is held in a police station over night, he said, the city paid the expenses and he could see no reason why the Sheriff should be entitled to any fees when he was out nothing.

Chief Deputy Sheriff Bilhartz says that

should be entitled to any fees when he was out nothing.

Chief Deputy Sheriff Bilhartz says that the fees for custody in the Court of Criminal Correction would amount to about \$4,000 or \$5,000 a year. Sheriff Dickmann receives no fees for arresting prisoners who are acquitted in the Court of Criminal Correction. Many are acquitted, so that his revenue is small and, he says, does not pay his expenses.

\$6-Cincinnati and Return-\$6. CHARTER AMENDMENT PLANS.

Business Men's League Dinner to

Discuss the Situation. vor of the proposed Charter amendments will be given by the quarterly meeting of

the Business Men's League. This will be held at the St. Nicholas Hotel on Thursday and will be preceded by an informal dinner at 6:30.

The World's Fair will be represented by President D. R. Francis and by a majority of the directorate. The total acceptances are in excess of 200. There will be brief speeches dealing with the amendments from varying standpoints. Some of those specially asked to speak are out of the city, but definite promises to take part in the discussion have been received from Mayor Wells, D. R. Francis, Or L. Whitelaw and Harvey L. Christie, representing the Public Welfare Commission; John H. Terry, representing the Real Estate Exchange; President E. J. Scencer of the Mercantile Club. President C. C. Crone of the North St. Louis Citizens' Association, President Hiram Phillips of the Board of Public Improvements and President George Meinz of the Central Trades and Labor Union.

Nathan Frank is chairman of the committee instructed at the last meeting of the league's Executive Committee to draft resolutions indorsing the amendments. Unusual interest is being manifested by members of the league's Executive Committee to draft resolutions indorsing the amendments. Unusual interest is being manifested by members of the league in the meeting.

ELECTRIC LOCOMOTIVE ON THE OLD SUBURBAN LINE.

Operates Between East St. Louis and Belleville-Freight Only Is Hauled-Engines Pull a Train of Twenty Loaded Cars.

ELECTRIC LOCOMOTIVE OF THE ST. LOUIS AND ILLINOIS SUBUR-

St. Clair County, Illinois, now has an | double tracked and well equipped. The electric freight and coal railroad. The road is about twelve miles long and has been converted from a passenger into a freight road because of another electric passenger road which parallels this one. It has been christened the St. Louis and Illinois Suburban Railway Company.

The new electric freight road has been formed out of the old Day Electric Line between East St, Louis and Belleville and competes directly with the Southern Railroad and indirectly with the Illinois Central and the Louisville and Nashville railroads. The electric locomotive is of peculiar design and the idea of General Manager Bramlette of the St. Louis and Belleville Traction Company, to which the road be-The locomotive receives the power from the trolley just as the ordinary cars do, with the exception that it has motors which are guaranteed to be 500-horse-power It is equipped with powerful air brakes. Tests made thus far show that the locomotive is capable of easily pulling a train of twenty cars loaded with coal. These cars

The conversion of the passenger into a freight and coal road followed the absorption of the Suburban Electric road by stockholders and others interested in the Day Line. Considerable outside capital was also invested in the new enterprise. Both lines, built by rival companies, were

power-house of the Day Line is one of the most modern in this section of the country and on the consolidation of the two roads it furnished the power for both. Over a year ago the idea of converting the

Day road into a freight road was conceived and plans were made to carry out into a freight road numerous obstacles had to be overcome. One was the objection to freight road by the residents of Winstanley Park. Hig yards have been built in Winstanley Park, and the officials of the railroad company say that the benefit to the village will prove greatly in excess of any

The guage of the railroad tracks had to be narrowed in order to make it standard guage, so that the coal and freight car could be switched off on to the Belt road of the Terminal Railroad Association at Winstanley Park and conveyed to other points It is the intention of the company to tap the mines between East St. Louis and Belleare of the ordinary 60,000 pound canacity wille much the same as the Southern or old Air Line Railroad has done. A large tract of undeveloped coal land has been secured and a company mine will soon be

> A crew of four has been trained to oper ate the new locomotive. The motorneers, or engineers, are Schall and Johnson, and the conductors are Purty and Guyton.

BANK EXAMINER RESIGNS.

B. F. Clark Will Leave Service of State October 1.

Jefferson City, Mo., Sept. 23.-Secretary of State Sam B. Cook to-day announced the resignation of State Bank Examiner B. the resignation of State Bank Examiner B. F. Clark, to take effect October 1. Mr. Clark's resignation was expected to take effect January 1, but business engagements necessitate his retirement at the earlier date mentioned. Mr. Clark retires from the service with a fine record. He has operated in the northwestern part of the State, and Secretary Cook will appoint his successor from that section. There are a large number of applicants for the place.

The position of Bank Examiner is one of the most important at the disposal of any member of the State administration. The salary is \$2,000 per annum and expenses when in the field. Secretary Cook will likely announce the selection of Mr. Clark's successor some time this week.

HYDRAULIC EXPERTS AT WORK.

Will Not Tender Their Report Until a Comprehensive Study Is Made.

At least two months, and probably a longr time, will elapse before the Commission of Hydraulic Experts will submit its repor mortheast of this city, last evening that has aroused the residents to excitement.

The country south of Vanderville Post Office is thickly timbered and much underbrush is on the newly cleared fields. About fifty yards from an unfrequented lane and down a hollow two hunters yesterday found the dead body of a borse hitched to a new single wagon, the latter containing a pair rel discharged, and a sack partly filled with corn.

The horse had the appearance of having been dead about a week, and evidently stumbled and fell into the hollow while wandering among the underbrush.

No one in the neighborhood can recognize the wagon, harness, etc., which were all in good condition, but bore no marks as to ownership.

It is generally believed that the possessor of the outfit has been foully dealt with. The adjacent country is being thoroughly searched for a clew.

Some believe that the owner of the outfit has been murdered for robbery and his body secreted somewhere in that vicinity, and the secretary for the definition of the outfit has been murdered for robbery and his body secreted somewhere in that vicinity, and the country is being thoroughly searched for a clew.

The country south of Vanderville Post Office is thickly it in board and much of various surgestions sources of supply, as the warious surgestions as to the best and the best as ungestions as to the best and the best as ungestions as to the best and method of furnishing a clear, wholesome, adequate supply of water.

WILL LAY A CABLE UNDER THE PACIFIC.

Company Proposes to Connect America With the Philippines and China Direct.

Albany, N. Y., Vept. 23.-The Commercial Pacific Cable Company, with a capital stock of \$100,000, was incorporated here to-day by Jehn W. Mackay, Clarence H. Mackay, Ed-C. Platt, Albert Beck, George G. Ward, Albert B. Chandler and William W

Respecting the purposes and prospects of he new company, Mr. Mackay said to-day that the Commercial Pacific Cable Company had been organized for the purpose of laying a submarine cable from California to the Philippine Islands by way of Honolulu in the Hawaiian Islands. The length of the cable will be about 8,500 miles, the part to be first laid being from California to the Hawaiian Islands. This portion, Mr. Mackay expects, will be in operation within

nine menths.

The time required for the laying of the remainder of the cable from the Hawaiian Islands to the Philippine Islands will depend upon how quickly the cable can be manufactured, but Mr. Mackay believes the whole cable will be completed within two years from this date. On August 23 Mr. Mackay made application to the United

years from this date. On August 23 Mr. Mackay made application to the United States Government for landing rights in California and the Hawaiian Islands and the Philippine Islands.

The new company, Mr. Mackay announces, is willing to lay the cable on the same terms and conditions at San Francisco, Honolulu and Manila, so far as landing rights are concerned, as were imposed by the United States Government on the cable lines which have been landed on the Atlantic Coast of the United States. The new company does not ask any subsidy or any guaranty, which is Mr Mackay's reason for believing there will be no trouble in agreeing with the Government on the terms and conditions upon which the cable will be landed.

The new cable, when it reaches the Phil-

landed.

The new cable, when it reaches the Philippines, will connect at that point with the present submarine cable running from the Philippines to Japan and also the cable running from the Philippines to China. A direct cable route from China and Japan to the United States will thereby be established. At present cablegrams from China to the United States have to be sent by way of Europe. Mr. Mackay said that the rates from the United States to the Philippines and to China and Japan would be reduced, when the new cable is laid, from 30 to 60 per cent.

ASSESSMENTS INCREASED.

Board of Equalizers Provide for \$65,000 More Revenue.

REPUBLIC SPECIAL Little Rock, Ark., Sept. 23.-The Board of Equalizers for Pulaski County have completed their work, and their report was

signed to-day.

They were in session twelve days and made raises approximating about \$2,500,000, although the exact total has not yet been

although the exact total has not yet been ascertained. The board consisted of Messrs, H. H. Rottak and C. E. Moore of Little Rock and John R. Frazier of Badgett Township. The wholesale raises in realty and personal have exceeded that made by any other board in the history of the county.

The estimated increase in the revenue to be derived from this increased assessment is about \$55,00.

All mortgages assessed by the Assessor this time. Practically, all real estate and especially that in the city, has been raised. Every business house and corporation in Little Rock was raised from 50 to 69 percent.

ZINC AND LEAD REPORT.

Joplin Producers Anticipate Better Prices-Spelter Advances.

REPUBLIC SPECIAL. Joplin, Mo., Sept. 23.-The flurry of Saturday in the St. Louis spelter market has raised the hopes of zinc ore producers to an anticipation of higher ore prices, yet it is feared that the upward tendency shown has not sufficient strength to hold firmly at the figures quoted. The spelter market has however, gained several points during the last week, which indicates that something is in the air for better prices. The sharp advance of Saturday came too late to do last week's ore market any good, and prices ruled at the same figure as the preceding week. Zinc ore sold as high as \$25 a ton on a straight bid, but \$27 was paid where the assay basis was \$24 for 60 per cent zinc. This was paid only on a few very choice lots of ore that were especially free of iron and lead. The general assay price was \$23 for 60 per cent zinc.

The Markie Lead Company of St. Louis entered the market the past week and secured three cars of lead ore for its smelter and shot works at Granite City, Ill. The price of ore was not advanced, however, holding firm at \$45.50 per ton.

Compared with the preceding week, there was an increase of \$50 tons of lead, but a decrease of \$35 tons of zinc. The lead value was a gain of \$2,256, but the decrease of \$6,44 in the zinc value made the net value \$3,749 less. Compared with the corresponding week of last year, there was an increase of \$6,504 tons of zinc. It tons of lead, and in value \$5,550. Zinc sold then at \$27.50 per ton. compared with the corresponding thirty eight weeks of last year, there is an increase of \$402.55, but the lead value in crease of \$402.55, but the lead value in this year's values \$255.203.

Following are the sales in pounds from the tracts of land owned or controlled by the companies and individuals named for the week ending Sentember 21, 1501:
